THE MANNA CENTER PROGRAM FOR FOOD SAFETY & SECURITY**

SUMMER INSTITUTE IN FOOD SAFETY AND SECURITY

PROGRAM OVERVIEW

The Summer Institute in Food Safety and Security provides students with a multidisciplinary understanding of global food security issues. Intensive theoretical and lab courses will be taught by leading experts from Israel and around the world.

The courses will meet the growing need for a new generation of well-rounded academics and policy makers, who have expertise in a specific field, with broad knowledge of biology, public health, law, international development, and more.

COURSES OFFERED

- Introduction to Food Security (3 credits)
- Food Security Policy and Economics (3 credits)
- Food Security and Public Health (2 credits)
- Urban Agriculture* (2 credits)
- Plant Responses to Abiotic Stress (2 credits)
- Plant Molecular Breeding** (3 credits)

* Pending final academic approval.

** This is a lab course; prerequisite course requirements exist and registration is limited.

PRACTICAL DETAILS

- All courses are two week in duration and taught in English.
- Tuition costs are \$900 for the lecture courses, \$1200 for the lab. Scholarships are available, including for those signing up for more than one course.
- Students from developing countries are especially encouraged to apply for scholarships.
- A limited number of dormitory rooms are available for program participants.

WHO SHOULD APPLY

- Graduate students
- Professionals in relevant fields

**APPLICATION DEADLINE
MAY 22, 2015**
